

## NEWTONHILL, MUCHALLS and CAMMACHMORE COMMUNITY COUNCIL

(k) - The development at Chapelton is a well-planned self-sustaining community. There will be green spaces, shops, schools, medical facilities, affordable housing. If development of Chapelton is not encouraged then those who have already bought houses will be badly let down.

(l) - A new survey of how many houses are actually needed should be carried out esp with the down turn in the Gas and Oil Industry and many people leaving the area.

The next LDP will probably be adopted in 2021.

### 5 – MATTERS ARISING (cont.)

(4)(Community Council Get-together – Excellent evening enjoyed by all. Mr Morgan has written to thank NKRCC.

(5)Community Council Forum meeting held on 24<sup>th</sup> May 2018 – No-one attended.

(6)Parking at Newtonhill School – This is more the responsibility of Aberdeenshire Council than the Police. There is not a lot they can do. The Police will visit from time to time, note who is causing the problems and give them a warning. FON are also working on the problem. Could the school children also be involved? Perhaps wait till the beginning of new term to deal with the problem.

7 – LOCAL DEVELOPMENT PLAN BIDS – A seminar was held on Tuesday 19<sup>th</sup> June 2018 to discuss all new bids in Ward 17. There are 6 in our area – one in Cammachmore, one in Muchalls and 4 in Newtonhill. An existing allocation to the west of Newtonhill (business land) has no proper access and therefore should be removed. Mr Morgan and Miss Daniels attended the seminar and put forward residents' views. The Draft Plan should be out for consultation December/January.

8 – PLACE STANDARD CONSULTATION – MR MORGAN is still working on this. The existing community plan needs to be modified. Really should be done for inclusion in the Local Development Plan. MR MORGAN will attend Skateraw Fair and hopefully glean information from attendees on what they want.
